Universal Change: Code cart remains outside of room; NRB can be found on top of code cart.

Code Blue

COVID Isolation →

Droplet PPE
(Face Shield, Mask, Gown, Gloves)

While awaiting Airborne PPE
- Place pads; initiate AED/Defib
- Place 15 L NRB* (No BVM)

- Backboard
- Draw Labs

No COVID Isolation →

Standard Precautions
(Face Mask)

Start Chest Compressions

- Place pads; initiate AED/Defib
- **Place 15 L NRB* (No BVM)**

- Backboard
- Draw Labs

Only adaptation in care is replacing BVM with NRB.

Airborne PPE
(N95 or PAPR; Face Shield, Mask, Gown, Gloves)

As soon as <u>at least 1</u> provider in Airborne PPE and everyone else vacates room:

Start Chest Compressions

Code Team Arrives with Airborne PPE

All persons must be in N95 or PAPR for intubation
